The SR 47 Interchange Project will replace the existing southbound SR 47 off-ramp from the Vincent Thomas Bridge, currently on the south side, with a new off-ramp on the north side. Additional improvements include realigning the existing on-ramp to the northbound I-110 connector; modifying the northbound SR 47 off-ramp onto Harbor Boulevard; modifying the northbound SR 47 on-ramp onto the bridge toward Terminal Island; and improving local streets near the interchange.
